Andrea looked at BB's media:

In terms of bottom lines:

- In both media interviews he acknowledges and speaks positively re: measures Ontario has put in place and police action in Windsor.
- He was forward leaning in both re: GoC looking at various tools at its disposal, but don't think it was off-side the PM's communications to date.
- In the CBC interview, he was very critical of the response to date in Ottawa (and while not explicit OPS, and the Chief) in the CBC appearance and made a firm push for action on the ground.

"Whelan, Alison" <Alison.Whehan@rcmp-grc.gc.ca> 2/13/2022 6:12 PM

They don't have predetermined times lines...

- If the teams are getting more pushback than success, the kinetic action will be taken sooner. If protesters are listening, leaving peacefully, with significantly assessed progression, we will allow each day's results to show for it, because taking that action.

"Whelan, Alison" <Alison.Whehan@rcmp-grc.gc.ca> 2/13/2022 6:21 PM

RCMP is planning enforcement if the do not start to move equipment after that, timeline when that will happen contingent on a few operational matters. Based on area planning needs to occur on

RCMP side re: safe place to move farm equipment, etc. Currently there is a blizzard there and hence very little traffic.

Enforcement Started in BC - Pacific Crossing.

Lower Mainland: 176th St Border Crossing. No current increase in supporters or chatter for support on Social Media. 30 + protestors still on site. They are adamant that they will not leave. Some noticed to be carrying knives on their waists. Militant protestors seen donning plaid jackets as police move through them. Protestors stated that they are in charge not the police and plan to extend their protest to all POE's and the Port of Vancouver.

Tactical Support Group led with support has now been deployed to clear the area starting at 1100 hrs, BC Time. Individuals arrested for obstruction and mischief will be processed and released on strict "no go" conditions as long as there are no assaultive behaviors.

There is an ongoing investigation led by the police in Peterborough. The OPP and RCMP are also involved. Ediv Update

Lower Mainland – Pacific Crossing - No change at 176 with Tactical Support Group holding the line as finding families and children.

Several calls on social media to attend 176 th to support protests from local area. There appears to be reinforcements heading south and west to support the 176 th protest group from North District and South East District.

As expected tow trucks were NOT reliable. CIRG Ops Support has reached outside of Surrey to ensure Tows are available if needed.

Based on protestors calls for large trucks to attend 176 for support, Police will be placing concrete barriers on 176 th St. to prevent any vehicle from closing on border. Resources are being organised for a sustainment plan up to Monday evening.
